- Metric
GOVT: ISLAMIA HIGH SECOUNDRY SCHOOL SHIKARPUR, 2018 - 2020

About Me

I'm a passionate tech enthusiast currently enrolled in the Governor of Sindh's IT Initiative, focusing on Web Development and the OpenAI Agent SDK. I've successfully completed the MERN Stack Development course at Saylani Mass IT Training (SMIT), where I built a solid foundation in modern full-stack web technologies. My skill set includes front-end tools like HTML, CSS, JavaScript, TypeScript, React (with Vite), and Next.js, along with back-end technologies such as Node.js, Express, and Python, plus hands-on experience with databases. I also hold a certification in Cyber Security & Ethical Hacking. I'm deeply passionate about building secure, scalable, and modern web and mobile applications. My strong typing speed (50 WPM) supports my efficiency and attention to detail in all development tasks.
