### About Me

I am a passionate MERN Stack Developer currently enrolled in the Governor Sindh's IT Initiative with a focus on Web Development and OpenAI Agent SDK. I have successfully completed the MERN Stack course at SMIT, gaining a solid foundation in full-stack development. with hands-on experience. I enjoy building secure, scalable, and responsive web applications and bring strong attention to detail with a typing speed of 50 WPM.

### Experience

- **MERN Stack Web Development Internship At Saylani Mass IT Training** *Nov 2025 - Present*
  - Worked on real-world MERN Stack projects and contributed to Saylani-owned products under the supervision of skilled mentors.
  - Developed and enhanced modern web applications with a strong focus on clean code, performance optimization, and responsive UI/UX.
  - Collaborated efficiently with the team to deliver high-quality features within set deadlines.
  - Participated in intensive training sessions led by industry professionals, gaining practical exposure to software development workflows and industry-standard practices.
